Tariff IAIS 3000-T

Item 5 Description of Governing Classification and Exceptions

The terms UFC, OPSL, STCC mean respectively:
Uniform Freight Classification Tariff UFC 6000-Series
Open and Prepay Station List Tariff OPSL 6000-Series.
Standard Transportation Commodity Code Tariff STCC 6001-Series

Except as otherwise provided, this tariff is also governed by the following tariffs:
IAIS T 8000 Series - Switching
IAIS T 3000 Series - General Commodities
IAIS T 6004 Series – Demurrage
IAIS T-9003 Series – Mileage based Fuel Surcharge

Item 9 Exemption from Regulation Box Car Traffic

Pursuant to the orders of the Surface Transportation Board in Ex Parte 346 (Sub No. 8), Exemption from Regulation – Boxcar Traffic, 367 STB 424, 367 STB 747, rates, charges, rules and regulations in connection with the transportation of commodities in box cars, to the extent of the exemption from regulation in cited Commission orders, will have no application on commodities transported in box cars to that extent.

Item 10 Station Lists and Conditions

This tariff is governed by the official list of Open and Prepay Station 6000-Series, STB OPSP 6000-Series, Station List Publishing Company, Agent, to the extent shown below:
PREPAY REQUIREMENTS AND STATION CONDITIONS
For additions and abandonments of stations, and except as otherwise shown herein, for prepay requirements, changes in names of stations, restrictions as to acceptance or delivery of freight and changes in station facilities. When a station is abandoned as of a date specified in this above named tariff the rates from and to such station as published in this tariff are inapplicable on and after that date.

Item 20 Reference to Tariffs, Items, Notes, Rules, Etc.

Where reference is made in this tariff to tariffs, items, notes, rules, etc., such references are continuous and include supplements to and successive issues of such tariffs, and reissues of such items, notes, rules, etc.

Item 25 Terminal or Transit Privileges or Services

Shipments made under the rates contained in this tariff are entitled also to terminal and transit services and privileges, and are subject to the charges, allowances, rules, and regulations legally applicable thereto, as provided in separately published, lawfully filed tariffs.

Item 40 Consecutive Numbers

Where consecutive numbers are represented in this tariff by the first and last number connected by the word “to” or a hyphen they will be understood to include both of the numbers shown. If the first number only bears a reference mark, such reference mark also applies to the last number shown and to all numbers between the first and last numbers.

Item 45 Capacities and Dimensions of Cars

For marked capacities, length, dimensions and cubical capacities of cars, see the Official Equipment Register, STB RER 6411-Series

Tariff IAIS 3000-T

Item 50 **Method of Canceling Item**

As this tariff is supplemented, numbered items with lettered suffixes cancel correspondingly numbered items in the original tariff or in a prior supplement. Letter suffixes will be used in alphabetical sequence starting with A. Example: Item 50-B cancels Item 50-A in a prior supplement which in turn canceled Item 50.

Item 55 **Method of Denoting Reissued Matter in Supplements**

Matter brought forward without change from one supplement to another will be designated as "Reissued". To determine the original effective date consult the supplement in which the reissued matter first became effective.

Item 60 **National Service Order Tariff**

This tariff is subject to provisions of various Surface Transportation Board Service Orders and General Permits as shown in Tariff NSO 6100-Series, STB NSO 6100-Series.

Item 65 **Free Time and Destination**

Except as otherwise provided, freight cars used for moving traffic on rates and charges named in this tariff will be subject to demurrage rules and charges provided for in Tariff STB-IAIS-6004 series.

Item 80 **Intermediate Application-Origin**

Subject to the provisions of Notes 1, 2 & 3 below, from any point of origin from which a commodity rate on a given article to a given destination and via a given route is not named in this tariff, which point is intermediate to a point from which a commodity rate on said article is published in this tariff via a route through the intermediate point over which such commodity rate applies to the same destination, apply from such intermediate point to such destination and via such route the commodity rate in this tariff on said article from the next beyond point from which a commodity rate is published herein on that article to the same destination via the same route.

NOTE 1: If the intermediate point is located between two points from which commodity rates on the same article via the same route are published in this tariff, apply via that route from the intermediate point the rate from the next point in either direction which results in the higher charge. In applying this note, if there are two or more "next beyond" points due to branch or diverging lines, eliminate all such "next beyond" points except the point from which the lowest charge is applicable.

NOTE 2: If the class rate on the same article via the same route from the intermediate point produces a lower charge than would result from applying the commodity rate under this item, such commodity rate will apply.

NOTE 3: If there is any other tariff a commodity rate on the same article from the intermediate origin point applicable over the same route to the same destination, the provision of this item are not applicable from such intermediate origin points.

Item 85 **Intermediate Application-Destination**

Subject to the provisions of Notes 1, 2 & 3 below, from any point of destination from which a commodity rate on a given article to a given origin and via a given route is not named in this tariff, which point is intermediate to a point from which a commodity rate on said article is published in this tariff via a route through the intermediate point over which such commodity rate applies to the same origin, apply from such intermediate point to such origin and via such route the commodity rate in this tariff on said article from the next beyond point from which a commodity rate is published herein on that article to the same origin via the same route.

Tariff IAIS 3000-T

NOTE 1 If the intermediate point is located between two points from which commodity rates on the same article via the same route are published in this tariff, apply via that route from the intermediate point the rate from the next point in either direction which results in the higher charge. In applying this note, if there are two or more "next beyond" points due to branch or diverging lines, eliminate all such "next beyond" points except the point from which the lowest charge is applicable.

NOTE 2: If the class rate on the same article via the same route from the intermediate point produces a lower charge than would result from applying the commodity rate under this item, such commodity rate will apply.

NOTE 3: If there is any other tariff a commodity rate on the same article from the intermediate origin point applicable over the same route to the same destination, the provision of this item are not applicable from such intermediate origin points.
